Graduating Class of 1967
St. Joseph College
Yokohama, Japan

To The Class of '67:

This scholastic year, 1966 - 1967, is important because it brings forth your commencement from high school during a year of jubilee.

You are the graduates of the "150 Anniversary Jubilee" of the founding of the Society of Mary that has instilled the Marianist Family Spirit of Fr. William Joseph Chaminade into the life of SJC.

You are indeed the graduates who will cherish the memory of this jubilee year by your loyalty to God, to country and to your fellow man in your days to come.

Father Chaminade was a man of vision. He was ahead of his time by actively working with all classes and categories of men and women to make them leaders of their society. This same spirit has been given to you by your Marianist teachers to carry forth to whomever you meet---that you be always a leader.

We are sad to see you leave the portals of SJC as your specific class character has made an impression with your teachers and peers. Yet, we are happy because we share with you the joy of your maturation and we look forward to your future with confidence.

May God bless you on this happy day. May our Blessed Mother continue to share with you the love which she gave to her Son. And remember to follow the ideals of true Faith, Love and Truth by imitating the perfect man, Christ, the Son of Mary.

Hold to your SJC motto "FORWARD WITH FAITH & FORTITUDE."

Sincerely yours in J.M.J.

RELIGIOUS SUPERIOR OF THE SAINT JOSEPH MARIANIST COMMUNITY

150 Years – THE SOCIETY OF MARY – 150 Years

The present year of 1967 is a banner year for the Marianists throughout the world since they will commemorate on October 2 the hundred and fiftieth Anniversary of their Foundation. It was on that same day in 1817 in the City of Bordeaux, France, that Father William Joseph Chaminade assembled with five of his sodalists in the presence of the Archbishop of the Diocese to found the Society of Mary known as Marianists. In a way, Father Chaminade was 150 years too soon in his venture. Why? Because he wanted already then to found a "secular" institute, that is, a religious society that outwardly does not have the stamp of a religious society but whose members nevertheless are bound by a Rule of life and who embrace the vows of poverty, chastity, and obedience. He did uniquely succeed, however, in realizing equality of membership for all his religious whether Priests or Brothers-something unheard of in his day. If Father Chaminade were with us today, he would be happy to see the rise of the secular institutes. Why was he so keen on these? The French Revolution had taught him the need for this new approach just as our present day indicates the need for the ecumenical approach in our modern world.

But why the Society of Marianists? To give Our Lady who had inspired him during his three year retreat at Her great basilica in Saragossa, Spain, a special militia of religious totally dedicated to Her by their entrance into Her Society and by their special vow of consecration to Her. They would help Her in Her great task of giving Her Son to the world particularly through the field of education. Today this special militia is spread over the five continents with a membership of over 3,000. These sons of Mary bask in the beautiful thought uttered by the Pastor of Ars, France, when in 1855 he told one of the Marianists, "The Society of Mary? What a beautiful Society! It will last till the end of the world and will do much good for souls." Maria duce! Ad multos annos!

In Memoriam

BRO. ALOYSIUS SODEN, S.M.

(July 6, 1906-Dec. 28, 1966)

Bro. Aloysius Soden S.M. was called to his eternal reward on the Feast of the Holy Innocents in Dayton, Ohio, at the age of 60, after a prolonged illness.

Bro. Aloysius made his first profession of vows on August 15, 1925. On Nov. 22, 1929, only four years later, he arrived in Japan. After a four year stay here, he was assigned to Kaisei School for eight years only to return. During WWII he was repatriated. He was back at SJC in 1947 but left again only to be recalled in 1957. Bro. Aloysius remained here until 1966 with the exception of a short period during which he returned to teach in Dayton. It seems only like yesterday that he left SJC for the States, never to return again.

Bro. Aloysius taught at SJC for a little more than 2 decades during his 42 years as a servant of Mary, serving at various capacities—as Principal, Librarian, Treasurer and Guidance Director as well as the founder of the SJC Alumni Association.

All of us who attended school while he taught at SJC will cherish his memory which has left indelible impressions on our lives.

Benedict, who was born in Yokohama, was brought up in a traditional Japanese family in a very untraditional manner. Although his parents are both Buddhist, he was enrolled in a Catholic Kindergarten and in a Catholic school, Saint Joseph College, and was finally baptized a Catholic in May, 1963, when he was in the eighth grade. As for his immediate future he is planning to attend college in the United States but his greater plan lies after graduating from college. His dream is to work for the betterment of society and create a world in which true peace may be enjoyed by all the people. Benedict, with the help of God, will surely make his dream come true by using his wisdom and knowledge which he attained at Saint Joseph College.

Shuichi Okada has lived in the West longer than in his native Japan. Shuichi has lived in Canada, the United States and India and is always willing to tell the members of his class about these countries. He has participated in the Drama Club, the Basketball team and presently, he is trying to master the ancient Japanese martial art of Karate. He says that he has no hobbies simply because he is unable to concentrate on one hobby too long, but this is not quite true because his accomplishments in the field of sports and math have proven him to be a man of tenacious interests. He plans to enter ICU where he will major in Natural Science. Bon Chance !

George has been at SJC from the first grade. He is the youngest of the Seniors, yet he has contributed a great deal to the school in the literary field, photography, Scouting and other school activities, always working hard to make them a success. Indeed he has been a big help in pushing things through. He is an enthusiastic soccer player as well as a good tennis player. It's remarkable the way he always has his homework completed when he has so many outside interests—karate, hockey, baseball, bowling, swimming, horseback-riding, stamp-collecting and driving. With a spark of fun in his nature he can yet be serious. In academic work he has steadily maintained a high average throughout his years at SJC. George will continue his studies at Lowell Technological Institute in the States to become an engineer.

Australia's "gift" to our class turned out to be none other than Jerry, a lanky six-footer. One unique thing about Jerry's background is the fact that his family was among the first Australian immigrants to Japan. His interests include swimming, rugby and riding his motorbike. Jerry has adopted Karate as the best sport for both mental and physical training. His ambition is to dedicate his life to the service of his fellowmen. Jerry is a deep thinker with a keen sense of perception and a talent for debate; as a matter of fact, he can argue with you till doomsday. We are sure he acquired this talent back in Australia. A jovial package was delivered in Fujisawa in 1948. "Buru", as he is affectionately called, still has not quite reached what we might call "quart-size". "Buru's" intellectual development started when he entered Yamate Catholic Kindergarten. The following year he entered S.J.C. and has been here ever since. As the number of years of education increased, so did his participation in school activities and his love for the School. In fact he used to come to school very early, just so he could be the first one to enter the schoolbuilding. His favorite past time is listening to modern jazz and appreciating the beauty of antiques. As a member of the Glee Club for many years, his beautiful alto has resounded on many occasions. Last year he was on the Chronicle staff and his efforts were greatly appreciated. Bobby has many undeveloped talents stashed away somewhere deep inside and which are yet to be discovered. His hobbies include fishing and cycling. Whenever he is not practicing Soccer, Karate or fiddling with his bass guitar at which he is an expert, he is invariably striving to satisfy his intellectual thirst for knowledge in the field of languages at which he is quite competent.
